NOTE FOR:

Director of European Analysis

THROUGH:

Chairman, National Intelligence Council

FROM:

George Kolt

National Intelligence Officer for Europe

About ten days ago Paula Dobriansky of the NSC Staff urgently requested CIA's evaluation of Jaruzelski's situation and especially of his political prospects in the short term. On Friday she informed me that the CIA response had been very timely and useful: it had been briefed to Admiral Poindexter (in Mr. McFarlane's absence) and had helped shape current US policy moves. Please pass on her and my appreciation for this excellent piece of work to [redacted] who supervised the effort; and to [redacted] who were the principal drafters.
